

Minimalist

Painted Wood Slab Door

Kokeena's The Minimalist is a simple, painted door based on our slab template.

It is a 1-piece design constructed of a recycled wood substrate with a paint-grade veneer and edge banding, finished on all sides. It can be painted any of our catalog colors, or customized to meet your needs.

It is painted and then finished with a water-based conversion varnish to a 20% sheen for unsurpassed durability, good looks, and solid sustainability credentials.

The Minimalist

The Minimalist

This is a single-piece, slab-style door that is veneered on two sides, edge-banded on four, and painted all around. It uses Kokeena's recycled wood substrate (not MDF), which is highly moisture resistant and has unsurpassed sustainability credentials.

Attribute	Detail
